I. GMSM FREE LET REVIEW PROGRAM

According to research, people tend to engage in volunteerism for a great variety of reasons: to help to eliminate poverty and to improve basic health and education, to tackle environmental issues, to reduce the risk of disasters or to combat social exclusion and violent conflict. In all of these fields, volunteerism makes a specific contribution by generating well-being for people and their communities. The province of Maguindanao values the contributions of its volunteers in the community especially the Volunteer Teachers. Hon. Bai Mariam Sangki Mangudadatu believed that these volunteer teachers are capable of passing the Licensure Examination for Teachers, however most of them are financially incapable to enrol in a standard and accredited review center. Thus, the provincial Government of Maguindanao established the “GMSM free LET review in partnership with Carl Balita Review Center (CBRC)”. The said program aimed to help the volunteer teachers of the province to review for the the upcoming 2022 Licensure Examination for Teachers. 180 qualified beneficiaries was able to Start their review last on June 2022. The number of the beneficiaries each branches are the following:

- Tacurong branch with 135 beneficiaries
- Cotabato City branch with 37 beneficiaries
- Parang branch with 7 beneficiaries
- Midsayap branch with 1 beneficiary.

III. GSM SM ISKOLAR

Provision of Cash Assistance to the GSM SM Scholars for the 2nd Semester

Study shows that scholarships provide an opportunity for people to earn an education. Without assistance from an outside source, students may have trouble paying for the degree. It help students have more time to focus on their studies. Research shows that work can take up more than 15 hours per week and becomes an obstacle to academic success. For many students, the stresses of working make it difficult for them to graduate on time, or graduate with the high grades they have the potential to achieve. For other students, the work/study life is unsustainable, and they discontinue their studies altogether. Further, scholarship assistance can support students who fall in the gap between high and low-income levels — students who may not qualify for a need-based scholarship and who do not meet the criteria for a merit-based scholarship. Scholarships also decrease the number and amount of loans students need to take to complete college.

The province of Maguindano, aimed to support its qualified students known as the GSM SM scholars. We were able to provide cash assistance of **Six Thousand pesos (Php 6,000.00)** to **508 scholars**. They also had the chance to bond with Hon. Bai Mariam S. Mangudadatu during their teambuilding and socialization night
